Meeting Date: May 29, 2018

Short Title: Notice of Intent for Stormwater Discharges from City of Paducah

Ordinance Emergency Municipal Order Resolution Motion

Staff Work By: Rick Murphy, P.E., City Engineer & Public Works Director
Eric Hickman, P.E., Stormwater & Drainage Engineer

Background Information:

The City owns and operates a small Municipal Separate Storm Sewer System (sMS4) which is permitted by the Kentucky Division of Water (KDOW). The permit is part of the Kentucky Pollutant Discharge Elimination System (KPDES) authorizing municipalities to discharge stormwater to receiving waters of the Commonwealth. The current permit had expired and has now been reissued with an effective date of May 1, 2018. It has a five year permit term expiring April 30, 2023. Within thirty days of the effective date, all sMS4 operators must submit a Notice of Intent (NOI) that constitutes notice that the City of Paducah intends to be authorized by the KPDES permit issued for storm water discharges from a sMS4. This will be the third NOI Paducah has submitted since 2003 when the permit began.
